1.201 CUSTOMER SERVICE/ORDERING

The following are procedures for procurement of complete machines ordered under the State of Michigan "Optional Use Contract". Please also refer to Article 1.204 Trade-Ins.

Contact your local John Deere dealer. If not known, check local yellow pages or contact John Deere Company, Darlene Judy at 1-800-358-5010 FAX (919) 804-2485 or Bob Meerstein (724) 941-9356 email: MeersteinRobertC@JohnDeere.com for your nearest local dealer.

Your local dealer can help answer any questions on specifications or size of equipment needed and provide agencies with ordering information.

After the agency has determined machine requirements, the dealer will supply machine codes (from John Deere Price Book) so that agency can list codes on the purchase order release.

The dealer will provide pricing to the agency for listing on purchase order, upon request. Ordering agencies should verify the accuracy of dealer prices with BPO prices.

Using agencies may request bids at any time. The State reserves the right to make award(s) deemed to be in the State's best interest.

The agencies will make out the BPO release to:

John Deere Company
2000 John Deere Run
Cary, NC 27513

(Except in bid situations and orders with trade-ins.)

The purchase order should contain the following information:

- Complete list of machine codes (can be obtained from dealer).
- Pricing (can be obtained from price sheets or dealer).
- Listing of any/all equipment for trade-in and trade-in value offered by dealership.
- Requested delivering John Deere dealer.

After the John Deere Company receives the purchase order, the delivering dealer will be contacted and the equipment will be placed on order, if not currently in dealer inventory. The agency should contact the dealer to check on status of order(s).

After delivery, the dealer will notify the John Deere Company and the John Deere Company will invoice the agency.

1.202 TRAINING

Operator training and safety is provided by the Contractor upon delivery of product.

1.203 REPORTING

The Contractor may be required to report the contract usage by State agencies and/or local units of government. Such usage shall be reported quarterly and by item to the buyer in the Office of Purchasing, Department of Management and Budget.

The dealer offering the best trade-in value should be selected to make the delivery of the new item. The awarded dealer will issue an invoice for the difference between new equipment cost less trade-in allowance. John Deere Company, however, will continue to have administrative control over all the purchase orders, which must contain the State contract price for the new equipment, with the trade-in value listed separately.

After notifying Contractor of a claim and prior to the State receiving Contractor's Notice of Election, the State shall be entitled to defend against the claim, at Contractor's expense, and Contractor will be responsible for any reasonable costs incurred by the State in defending against the claim during such period.

Notwithstanding the foregoing, the State may retain control of the defense and settlement of a claim by written notice to Contractor given within ten (10) days after the State's receipt of Contractor's information requested by the State pursuant to clause (ii) of this paragraph if the State determines that Contractor has failed to demonstrate to the reasonable satisfaction of the State Contractor's financial ability to carry out its defense and indemnity obligations under this Section. Any litigation activity on behalf of the State of Michigan, or any of its subdivisions pursuant to this Section, must be coordinated with the Department of Attorney General. In the event the insurer's attorney represents the State pursuant to this Section, the insurer's attorney may be required to be designated as a Special Assistant Attorney General by the Attorney General of the State of Michigan.
- (c) If Contractor does not deliver a Notice of Election relating to any claim of which it is notified by the State as provided above, the State shall have the right to defend the claim in such manner as it may deem appropriate, at the cost and expense of Contractor. If it is determined that the claim was one against which Contractor was required to indemnify the State, upon request of the State, Contractor shall promptly reimburse the State for all such reasonable costs and expenses.

In such event, the non-performing party will be excused from any further performance or observance of the obligation(s) so affected for as long as such circumstances prevail and such party continues to use its best efforts to recommence performance or observance whenever and to whatever extent possible without delay provided such party promptly notifies the other party in writing of the inception of the excusable failure occurrence, and also of its abatement or cessation.
2. If any of the above enumerated circumstances substantially prevent, hinder, or delay performance of the services necessary for the performance of the State's functions for more than 14 consecutive days, and the State determines that performance is not likely to be resumed within a period of time that is satisfactory to the State in its reasonable discretion, then at the State's option: (a) the State may procure the affected services from an alternate source, and the State shall not be liable for payments for the unperformed services under the Contract for so long as the delay in performance shall continue; (b) the State may cancel any portions of the Contract so affected and the charges payable hereunder shall be equitably adjusted to reflect those services canceled; or (c) the Contract will be canceled without liability of the State to the Contractor as of the date specified by the State in a written notice of cancellation to the Contractor. The Contractor will not have the right to any additional payments from the State as a result of any excusable failure occurrence or to payments for services not rendered as a result of the excusable failure condition. Defaults or delays in performance by the Contractor which are caused by acts or omissions of its subcontractors will not relieve the Contractor of its obligations under the Contract except to the extent that a subcontractor is itself subject to any excusable failure condition described above and the Contractor cannot reasonably circumvent the effect of the subcontractor's default or delay in performance through the use of alternate sources, workaround plans or other means.
